Comment. [redacted]

According to the present report, a total of 20 shipments of the division [redacted] went to the Cottbus district. It can be assumed that all shipments, except for the 3 for Peitz and Liebersow, went to the area south of Cottbus, in which the exercise of the division is believed to have started. The shipments from Bernau and Frankfurt/Oder tend to indicate that units of the 71st Light Art. Brig and the 32d AAA Div also participated in the exercise, which probably developed northward across the Liebersow training grounds. The exercise probably terminated in the Beesow-Grunow area, similar to the preceding exercise of the 7th Gds Mss Div. This assumption is supported by the observation of return shipments from this area. The exercise apparently lasted from 5 to 8/9 October.
